Am., Can. & Int. Ch. Kalinka's Joyau Noir #4 Black Russian Terrier

The BRT Jewels Kennel are proud of our No. 4 Black Russian in Canada, AKC, CKC, Int. Ch. Kalinka's Joyau Noir ('Jewel'). We would like to thank those who have helped Jewel in her three-year adventure in the show ring in Canada and the U.S.A. Especially important to Jewel and her success are our handlers, Rick and Dinah Baggenstos and their staff, as well as Heidi Gervais and her team. Joyanne Wood has been invaluable with Jewel in her training and grooming help as well. Also, we would like to thank all of the wonderful judges who honoured her with the many wins she has achieved.

On June 1, 2009, Jewel achieved her CKC Championship and won First in the Working Group at the Comox Valley Kennel Club, Comox, B.C., Canada. Along with becoming a International Champion, Jewel won Reserve Best in Show at the

International All Breed Canine Association in February, 2010. Her trip to Eukanuba in 2009, after having a litter of eleven puppies, was a good showing of her spirit and love for the show ring! Her puppies born on August 31, 2009, with owners throughout the U.S.A. and Canada, are continuing on her excellent temperament, form and conformation. Her female puppy from Calgary, Alberta, has already achieved her International Puppy Status in February 2010 at six months old! BRT Jewels Kennel are devoted to having good temperament and health as well as meeting the standards of the Black Russian Terrier breed in our family canines.

Again, we would like to thank everyone involved in Jewel's achievements!

Hip and Elbow Dysplasia Certificate

Certificate No:	0041093	Existing Certificate Number:	
Date Hips Examined:	12-Aug-09		0000000
Date Elbows Examined:	12-Aug-09		

This is to certify that on the above date, I examined hip and elbow radiographs of the dog described below:

Breed:	BLACK RUSSIAN TERRIER
Name of Dog:	KALINKA'S JOYAU NOIR
Date of Birth:	16-Mar-07
Sex:	Female
Reg #(CKC, AKC, other):	WS22817210
Identification:	TATTOO/MICROCHIP 968000004775584
OVC Case Number:	N/A
Owner Name:	KAPELLER, SHELLEY GERMANN
Address:	P.O. BOX 1315 OKOTOKS, AB CANADA T1S 1B3

Hips Radiographed By: A COUNTRY ANIMAL HOSPITAL

Hips Radiograph Date: 19-Mar-09

Elbows Radiographed By: A COUNTRY ANIMAL HOSPITAL

Elbows Radiograph Date: 19-Mar-09

In my opinion, this animal does not have radiographic evidence of hip or elbow dysplasia.

date _____

Cardiac Auscultation (see accompanying procedures information for details):

- Auscultation is within normal limits. Additional diagnostic studies are not indicated.
- Auscultation reveals a soft (grade 1 or grade 2) murmur at rest.
- Auscultation reveals a moderate to loud heart murmur.
- Auscultation was performed after exercise and revealed:
 - Normal heart sounds without a cardiac murmur.
 - A soft (grade 1 or grade 2) murmur.

\$40.00

Describe any cardiac murmurs: Timings: systolic diastolic continuous
 Point of maximal intensity: mitral valve area aortic or subaortic area pulmonary valve area
 tricuspid valve area other location _____
 Radiation or other characteristics: _____

Echocardiography if indicated (see accompanying procedures information for details):

- Echocardiography with Doppler was performed and the results were within limits of normal.
- Echocardiography with Doppler was performed and the results were equivocal:
 mild congenital heart disease cannot be conclusively diagnosed nor excluded based on this study.
- Echocardiography with Doppler was performed and the results were indicative of congenital heart disease.

Describe any abnormal echocardiographic or Doppler findings, including transvalvular or other pertinent velocities in m/sec.
 circle: pulse/continuous wave
 circle: left apical/subcostal

Summary evaluation and opinion of the examiner:

- Normal cardiovascular examination - congenital heart disease is not evident.
- Equivocal cardiovascular examination - congenital heart disease cannot be diagnosed nor excluded - status uncertain for breeding.
- Abnormal cardiovascular examination indicative of congenital heart disease; indicate diagnosis below

I certify that the standards for cardiac examination as set forth by the OFA were carefully followed in performing this examination.
